

## Villa Niloufar Cangu

Villa Niloufar Bali is the most exclusive and magical villa that Bali Luxury Villa has to offer! Niloufar is approximately 30 minutes drive from the trendy and buzzing area of Seminyak/Oberoi and Nirwana Golf Course – designed by Greg Norman and recognized as one of the best golf courses in Asia – is a 10 minute drive.

The ultra avant-garde, five-bedroom villa known as 'Niloufar', meaning “LOTUS” in Persian, rests in blissful seclusion in a rural setting in southwest Bali. The villa provides the best of both worlds by being set in a private jungle-like environment, while at the same time being only a short drive from Seminyak. It is an ideal destination for guests who want to escape and enjoy relaxation, fitness, and well being within a stunning location.

By using the natural elements of the land as architecture, the villa has been carefully designed to promote the spirit of ecological responsibility with minimal impact on the environment. International architect, Gary Fell, generates solutions that blend style with nature. Rooftop water-lily ponds serve the double purpose of being aesthetically pleasing to the eye while, at the same time, providing a natural cooling system as each roof acts as a dense thermal insulator. The swimming pool employs an advanced ionizer filter system, and a water recycling system allows waste water to be reused in the gardens. The villa with its two roof top water gardens, is cleverly landscaped into the contours of the hill.
