

Villa Elang Seminyak

Villa Elang (or Eagle Villa) is considered by many to be one of the most luxurious holiday villa rentals in Bali. The property is secluded behind a high wall and set within 150m of beautiful landscaped gardens, perfectly manicured lawns and two twin kidney bean-shaped swimming pools.

Dedicated and discreet Balinese staff, including a chef, will provide the warmest of welcomes upon arrival ensuring complete privacy during the course of your stay.

As the name suggests Villa Elang is very aristocratic in appearance. You'll appreciate its elegant simplicity and spirit, designed and created with a keen eye for detail. Balinese and Javanese features, including antique Batiks, prints and decorative timber pieces are placed within colonial-style pristine white interiors.
